

WE GUARANTEE OUR WAGONS

Do you think that we could sell 200 "Old Hickory" wagons this year if they were not the best? One reason for this is that the stock used in every "Old Hickory" is carried in the yard of the company until it is bone dry before it is made up. Another reason is that by special agreement we have arranged for an additional seasoning to meet Arizona conditions. This explains why "Old Hickory" axles, spokes and other parts of the woodwork do not break as in other wagons. We could tell you many reasons why the "Old Hickory" is best, but nothing will satisfy you like a personal examination, so come in and see them and look them over. We invite the most rigid inspection and the closest examination.
